FETTERS LICENSE IS REVOKED

Supervisors Receive Petition and Take Prompt Action In Matter.

The women who have been active with petitions against the license at Fetters Springs since the federal indictment charging Mr. and Mrs. Fetters with selling liquor to enlisted men in uniform, appeared before the Supervisors Tuesday presenting the names of 283 signers to the Board and asking for prompt revocation of the license. The Supervisors after hearing much oratory in behalf of the petitioners represented by R. L. Thompson and the Fetters represented by Wm. F. Cowan, took adjournment until 1:30 p. m. when they voted unanimously to cancel the license of the big resort.

Many women and also men of the community including C. C. Cowgill, Rev. Waltz and Dr. Thomson appeared to back up the petitions and Supervisor Charles of Cazadero who had evidently heard much about the place did not mince matters in voicing his sentiments in regard to rescinding the liquor license. All the supervisors voted to revoke the license although attorney Cowan declared that action should be postponed until the Federal authorities had finished their case at which time he promised his clients would vindicate themselves of the charge made against them. He also declared that notice should have been given and evidence offered, but the Board exercised its power to annul the license without hearing and it was so ordered. Cowan made the statement that the petition did not per se count for much as Mrs. Fetters or her friends could have secured fully as many signers to a petition had they chose to circulate one in behalf of Fetters Springs.

Frank LaVine attended the funeral of his nephew at Dixon last week. One of the Larramore boys, born in Sonoma, was drowned in the Russian river and his body recovered after some days. The funeral was a very sad one and was largely attended.

VON GELDERN HAS BEEN ON TRIP TO WASHINGTON, D. C.

Otto von Geldern, the distinguished civil engineer, has just returned from Washington, D. C., where he went on business connected with a big irrigation project for this state. He interviewed all our senators and congressmen while in the National capital and was received with the greatest courtesy by high officials who were much interested in his plans.

Mr. von Geldern lunched with Senator Phelan and vice-president Marshall one day and California came in for much good boosting.

Otto von Geldern is a former Sonoma resident and is still a property owner here and has many friends who are always interested in hearing about his achievements.

Miss Rose Pagani and a party of friends motored to Dillons beach Sunday for a day's outing.

Mrs. Silas Olin has been visiting her parents, Mr. and Mrs. H.F. Bates, Corporal Thos. Woodard of Santa Rosa, of the recruiting station of that city was in town this week putting on display war posters and informing our young men as to the various phases of war work.

Wm. H. Daly of San Francisco was greeting friends in town this week.

Panorami auditorium at Glen Ellen is presenting moving pictures to large crowds this season.

Miss Sadie Dunbar who is making her home in Berkeley was up for the Fourth on a visit to home folks.

Thorvald Holt, little son of Rev. and Mrs. Holt (nee Clewe) took third prize in the baby show conducted by the Oakland Tribune recently.

Fred Helberg Jr. has left Camp Lewis and was last heard of from New York where he wrote that he was on his way to "Get the Kaiser."

A guest at the Helberg home during the last week was S. Rasmussen, young naval man of the Officers Training Camp, Mare Island.

Wayne Batchelor Jr. of Salt Lake city joined the Red Cross and is the youngest member. A three months old patriot. His grandmother took out the membership for him.

POLITICAL TIMBER AND POLITICAL PLUMS

Of course you are all interested in the material

For the official family at Santa Rosa—

The candidates in the field for next election—

So here's a little inside stuff on them.

From a Medbury point of view.

Prest-wood is good political timber

He's sound as a dollar on educational matters.

His family tree has a good many branches

And it's a safe bet He'll pack his trunk in November and take up his residence at Santa Rosa.

Olney Pedigo is going for Auditor

And judging by his singing, He'll have a voice in county affairs.

Herbert Snyder has been city clerk of Santa Rosa.

And circulation manager for Mobley.

Anyone from Santa Rosa has a right to be classed as a Burbank product

Nuf Sed. He's a world beater of course.

And then there's Phil Varner

Out for Tax Collector

Phil will fill the bill, no fooling

And he's making some drive for the office, believe me.

Joe Ryan, he's there a million, a heart of gold, and its never been stolen either.

A handsome bachelor like him, will get all the girls votes, that's a cinch

And as for the fellows, they all say

When it comes to making a race,

Ryan will come romping down the home stretch like a thoroughbred.

Bless us! there's that charming school man

Miss Ida Marshall who can marshal her facts well when it comes to talking schools.

She coyly sidesteps that story about getting married

And prefers to talk not court, but Courthouse.

Felt is a candidate who says he never felt better.

Doc. Phillips, handsomer than ever, with not a line in his face barring the line of talk, Oh yes Doc. is some spieler and an auctioneer too, by heck.

And speaking of Petaluma, there's Flohr, "For the love of Mike". His friends say, We are going to vote for him. Nice of them isn't it.

Butts is in the race too; Can't you see him taking a fall out of somebody. All he needs is somebody's goat and with that name, his happiness be complete.

Ben Ballard has alliteration in his favor and is a politician of wide acquaintance. His friends say

Watch big Ben on election day.

District Attorney Hoyle is a patriot. (He's prosecuting the war as well as other things) we are proud to record as being in the race and can be counted on to be the dignified head of the new official family.

He has even convinced Ford that Hoover is not such a bad fellow,

And Jack likes to eat about as well as any man under the sun;

APPLE PACKING AT BATTOS

Association Warehouse Scene, of Activity And Demonstrator Tufts Gives Valuable Pointers.

The apple season has opened in Sonoma Valley and Battos Spur, where the Sonoma Valley Apple Growers Association has established its packing house is the scene of considerable activity.

Warren Tufts of the State Farm at Davis, arrived bright and early last Monday to demonstrate packing methods and give valuable aid to those working in the fruit. The apples are picked and brought to the warehouse where they are first graded and then packed in the boxes. Before being sorted, the apples, big and little are designated as "orchard run". They are first sorted for grade, California Fancy, B. and C. grade, the latter, gulls. The fruit is then sorted for size, usually three or four sizes. They are then packed into either California or Standard boxes. The California box is longer and shallower than standard but its contents is practically the same.

The average number of apples packed in the boxes, varying of course with the size, is 72 to 163, although for exhibition purposes, some apples run 36, which are "some" big apples. Where mechanical graders are used, the work is greatly facilitated but in small packing places, the workers usually do all the sorting by hand. The work is piece work and pays about 4c per box. An expert can pack 125 boxes easily in a day.

Pretty little Anita Reed of Healdsburg has been down visiting at the home of her grandfather, Geo. W. Reed, our station agent.

Little Jimmie Acquistapace went to Santa Rosa this week and bought a bicycle. Jimmie had his eye on a "fliver" but says he will wait and buy an Oldsmobile.

Ben Weed, former Sonoma teacher and a corps of High School boys from San Francisco have been harvesting berries near Sebastopol.

Jack says there's no place like home? No, like Cucci's.

So while he can go there, war may be h--- but life is still worth living.

There are others in the running, so we understand,

But since they have not presented themselves at our sanctum for observation, we will have to continue this dope sheet in our next.

ELDRIDGE

The many friends, of Miss Jessie Esplen of the Home, and Major Phillips of Glen Ellen are complimenting them on a very pretty costume dance number given by them at the children's entertainment in Assembly Hall on the Fourth. Miss Esplen has made a very capable physical directress, having to do double duty, as Mr. McKee, who had charge of the boy's side was included in the draft. She will spend the summer vacation as instructor of a large swimming class in Stockton.

"Billy" Craib and his friend Mr. Evans from the Navy were here visiting friends over the week end. "Bill" is now rated as a cook, 2nd class and is stationed at Mare Island.

Wm. Bogges who has a star in our service flag, now has charge of the Neuro-Psychiatric ward in the Base hospital at Camp Lewis.

Victor Thompson, who also has one of the stars to his credit is now on his way "over there" and will drive one of the armored tanks. If "Tommy" uses half the pep he displayed around here, we can in imagination see some large sized gaps in the German lines when he gets a good start.

Mr. and Mrs. Al Hullins of Sacramento motored over Sunday to the Home and spent the day visiting C. B. Craig and wife. Mr. Hullins is superintendent of construction for the Sacramento street railways.

Wm. Landgrebe is congratulating himself. Saturday evening he took his Studebaker six to Santa Rosa, intending to leave it at Schilling's garage for an overhauling, preparatory to going on a vacation trip. Not finding any means of transportation back to Eldridge, he decided to return home and take the car there for the necessary repairs the first of the week. Sunday morning the garage was destroyed by fire, hence the congratulations.

John Jensen has taken charge over Manzanita cottage, vice P. Brennan who has taken a position and is now living in San Francisco. Dug Weir will be his assistant vice Bob Hall who has "gone back" to tilling the soil on the Home ranch.

Among the new employees at the Home are Mr. and Mrs. Roberts, from Napa, Mr. and Mrs. Roger Flynn and Mr. R. E. Bohn from Yountville, Mrs. Wright and Mr. and Mrs. Giblin.

Miss Hepp, one of the nurses at the Home for a number of years, has joined the American Red Cross and left for her new duties Monday. Mrs. McIntyre is expecting her call at any time now for the same duties.

Jesse Bailey, former ranch foreman, now living near San Jose, was a visitor over the Fourth of July as was also Ethelbert Foster, formerly

DEATH OF JOHN TRACY

The many friends of John Tracy, former employee of a local store and who lately removed to Mendocino County were shocked to hear of his death which came after a period of seeming convalescence and followed a minor accident to his knee. He was buried June 25th at Little River and many sincere letters have gone from here to the grief stricken family who lost a splendid son in the passing of this exemplary young man.

JONES RANCH EMPLOYEE MEETS SUDDEN DEATH

Antone Carlson of the Jones ranch met with a tragic end on Monday when a team he was driving became unmanageable. Coroner Phillips held an inquest and the jury brought in a verdict of accidental death. The accident was generally regretted as Carlson was widely known both here and in Petaluma.

CARD OF THANKS

We hereby desire to express our sincere thanks to our friends and acquaintances for their kindness, sympathy and floral offerings at the loss of our dearly beloved son and brother Axel.

Mr. and Mrs. Charles Swedeborg and family.

Mrs. Goerl of Alameda visited Sonoma friends Wednesday.

commissary clerk, who is now at officers training camp at Camp Fremont.

All of the teachers at the Home have left for their summer vacation with the exception of Mrs. J. Hartley who will have charge of the telephone exchange and Mr. and Mrs. Herman Schieck who will work in the fruit.

Ground has been broken for the new laundry and bakery buildings and work is progressing on the new cottage for morons which is nearing completion.

"Ranch-owner" Bartell" is considering the advisability of raising Toggenberg goats on his place near Cavendish. This will work out all right providing someone does not "get his goat."

SONOMA HAS TWO CANDIDATES

Prominent and Efficient Aspirants For County Offices are Prestwood and Ryan.

Sonoma Valley has the distinction this coming election of having two aspirants to fill places in the court house at Santa Rosa and from present indications, both gentlemen have excellent prospects of being elected and serving the people of Sonoma county as county officials.

Jesse F. Prestwood who is a candidate for county superintendent of schools has been for years the capable and popular principal of Sonoma's Grammar school. Not only has he distinguished himself locally, but has served on the County Board of Education for four consecutive terms, which is a record in itself. He has a broad working knowledge of every phase of school work and has the support of school people all over the county for they know his true value. This week Mr. Prestwood is campaigning over on the coast and he is being met cordially everywhere.

It is a pleasure and an honor for a community to bring out for public office, men like Prestwood, and like Joe Ryan, our candidate for sheriff. Mr. Ryan has a reputation as a man and good citizen such as few can rival. Quiet and with a pleasant personality, he at the same time commands great respect, and law-breakers know him as a man of determination and as a fearless peace officer.

As deputy sheriff, he effected many clever captures and under his supervision, the community was well protected at all times. Mr. Ryan is in the lively business at Sonoma and Boyes Springs and even now in these days of campaigning, one can find him cleaning his harness and giving his personal supervision to his horses, for Joe always tends to business and can be depended on to be just as conscientious in the conduct of the office he seeks. His reputation for honesty and sobriety is known all over the county. Vote for Joe Ryan for sheriff.

The Big Dose of Prohibition

THE EXTREMES to which cranks given high political preferment will go in forcing their propaganda and writing it into our laws under the guise of war necessity is demonstrated in the latest edict from Washington on the prohibition question. They have gone on record to destroy California's great wine industry, a pretty piece of business, to say nothing of the unethical side of such radicalism. That they have gone to such lengths may not appeal as just to many voters. Fair minded men and women will not countenance it, even those who through their apathetic spirit more or less encouraged these reformers in their climb to political power.

If the United States aims to make its citizens supermen and women—perfection personified—the scheme will totter and fall like all such Utopian propositions, for the principle of it is rotten-honeycombed with false premises and fallacious suppositions, built on the shifting sands of human nature to which only evolution gives real stability.

It would seem that Washington, D. C., should be well satisfied with the wonderful showing our people have made in the war test and we believe that at heart they silently admit that the liquor problem has not been proven by the results, to be the problem they set out to make it appear to be.

We make bold to say that when everything that can be prohibited, is prohibited, the good of it all will be offset by conditions unforeseen by shortsighted legislators and even when it comes to be a farce, the authors of the unfair and ridiculous arrangement whereby human volition and self control are atrophied, will still try and make it appear a success in order to hold the whip hand over a misguided constituency.

Wine making, old as biblical lore and nurtured on the sunny slopes of California's vineclad hills since the days of '49 is being dealt a cruel blow, but the tide will turn and it seems necessary that we must yet get a full dose of this prohibition stuff before the nation can be purged of it and come to be clear visioned and reasonable in dealing with phases of human frailty which leads to excess and makes vulnerable spots for the attacking vengeance of self seeking fanatical politicians.

The United States has been doing too great things abroad, has risen to far too lofty heights whereon the light of justice and reason shine with glorious lustre, to be guilty of injuring one of its own greatest states and its principle industry and permitting many of its most loyal and representative citizens to suffer for the sake of a promised reform.

Sonoma county's representative in Congress, Clarence F. Lea has made a heroic, clean fight to awaken reason and conscience of his fanatical colleagues, but to no purpose. They are bent on administering the dose. We must await the reaction.

Sonoma Valley Cherries In Los Angeles

ALL HAIL to the apple men of Sonoma Valley who bid fair to put this beautiful and productive section on the map and to interest some of that much needed capital in which Southern California abounds, in the upbuilding and cultivation of our own "valley of the moon". Not only have we been hiding our light under a bushel, but we have been furnishing much of the thunder for the big booms in other sections of the state, profiting through our indifference and short sightedness.

We are moved to words on the subject because of seeing a magnificent shipment of Sonoma Valley cherries enroute to Los Angeles in boxes stenciled with the name of a Los Angeles firm, leaving their native home here, to be exploited by shrewd Southern Californians who will be dumb apostles of Sonoma's fame but glib-tongued boosters for Los Angeles realty, cherry land in particular. The identity of those cherries shipped to Southern California, are lost, once they are headed south, and Sonoma gets no credit. Our lands sell for a song, while land in the South brings world fame and the fanciest of figures. While the extent of Sonoma Valley cherry cultivation might not justify organization, it seems a pity that such fine specimens of fruit should not go out under a Sonoma Valley label. Shrewd Los Angeles buyers are in the field here every season to bargain for cherries and other choice fruits for which they supply boxes with the Southern California stamp and into these receptacles, Sonoma cherries as big as plums and luscious beyond description, find their way. As a commercial proposition the cherries referred to might not bring direct the big money we would like to see finding its way into Sonoma Valley, but indirectly, through the advertising they would do for us, our land might take on more substantial value, our fame for climate be sung, our name become synonymous at least with big possibilities as a fruit producing center.

Reformers Despicable Methods Again In Evidence

THE NAUSEOUS tactics of the professional reformer cannot be restrained but he must spill a certain amount of bilge water to besmirch the reputation of the community he is supposed to cherish as is evidenced by the mouth-piece of the agitators in its last issue. This was one of the prime reasons why some of our best and leading citizens were desirous that the Federal authorities should be permitted to handle the alleged violation of laws in this valley, for it was confidently expected and predicted that the valley's reputation would be dragged through the mire and vile accusation, totally unwarranted, in their broad and sweeping statements be advertised to Sonoma's disadvantage should disgruntled local mischief breeders be given an opportunity to indulge themselves.

It is, to say the least, none to their credit if they knew of all the villainess they would make you believe existed and yet not one of them filed a complaint, made a charge, or any effort to drive vice out in a straightforward legitimate manner. By methods which caused every decent citizen to repudiate them, some of this noble ilk have sought in the past to make their point of view stick and to drive public opinion before them, make peo-

ple do their bidding and except their seeming standards. Their tactics cost them the fight if it ever had any merit and now, despite the swift dispatch with which the women of Sonoma valley took up and wound up the fight against a resort, which they believed, because of the Federal indictment, was defying military law and despite the quiet, determined unspectacular manner in which they conducted the affair, come those old grudge-holders of years past to admit that it is just a beginning and to egg on these women whom they now intend to use for all they are worth to put more people out of business, if perchance they be in the resort, wine or liquor business. If the methods followed in the Fetters license revocation is permitted to become a precedent, petitions can be launched against any one whom the ringleaders of the reform hold a grudge, since no evidence other than a general charge, backed by a petition was required in the Fetters case. There was no hearing, no chance to sift accusations or combat them. This is not the method of fair play for even the proven law-breaker is entitled to be heard in his own defense.

Now that the reform mouth-piece has let the cat out of the bag and people know that the Fetters outcry was but a forerunner of the hoped for big mess which the "drys" have been nursing for a long time past, we believe that Sonoma's justice loving people will have none of it. We want the law upheld and Sonoma valley's favorite recreation places kept up to high standard, but we do not want the general name of the valley falsely besmirched and the community stirred from stem to stern with a dirty, bitter, narrowminded fight, uncalled for, too in this instance since the Federal courts had the Fetters matter in hand. When the proper course is pursued to rid Sonoma valley of any phase of evil which may spring up here, the Index-Tribune will always be found on the side of right and foremost in the upholding of the law and the punishment of evil doers.

If our peace officers in the past have been derelict of their duty and accorded protection to law-breakers they should be kicked out of office and men of some backbone put in their places.

The reform sheet refers to "the crusade" and "the supposed favorable attitude of the Federal authorities" a statement which in per se is an insult to Uncle Sam. Government action is good enough for anyone for the Federal authorities do their work thoroughly and if those whom they accuse are guilty, we know they will get the punishment which guilt deserves.

We maintain that Sonoma valley is generally populated by a clean, wholesome, peace-loving and law-abiding people (reformers and back-biters excepted). The small percentage of immoral and lawless is transient in character and small indeed when you consider the number of people who through our valley in the summer time. It has not been given over to the vice exploiter, the scarlet woman and the brothel or if it has been, where have these cleansers with their big sticks been that they have not gone to our district attorney, our justice courts or our constable ere this? With the knowledge of such infamy, why did they lay down? As a matter of fact, they had no vice to disclose, though vice in their eyes is anything that is not "dry". They had nothing to uncover, save perhaps the closed page of a woman's past life, who had invested her money in a legitimate business and made a success of her resort beyond the holdest dreams of old residents. However the faintest suggestion of any irregularity anywhere, was always laid at her door. Relentless enmity pursued her and "the drys" counted her resort as the most vulnerable because they could always drag in her past. So they went out to get her first and the Federal charge made the way easy.

Some of our leading women, believing it to be their patriotic duty to close up any place breaking the law against serving drinks to soldiers, were quick to take action when the Fetters alleged violation was brought to their notice. Now the professional reformers seek to ring them in on the pre-conceived, long intended fight to make Sonoma valley "dry", hoping that by making an appeal on the side of morals, they will be more easily led to do the hoped for bidding. Rule or ruin—it is the old story. The ruination of the reputation of Sonoma valley is a fine start!—one thing the Federal authorities could not be counted on to do.

WE WOULD suggest to our friends of the Healdsburg Enterprise that they boost up candidate Joe Ryan's political card to the top of column instead of at the bottom of the page if they want to cultivate the good graces of Sonoma County's next Sheriff.

THE COMPLEXION of Congress is "dry" according to W. G. Calderwood of the National Dry Federation—that's why some of its ideas on the war necessity of ruining the grape industry are so cracked.

THE PEOPLE of Cologne do not like air raids. Ah! Cologne, perhaps you are beginning to smell a rat and suspect that German methods are not just right.

SHOWER PARTY AT BURMESTER HOME

Miss Dorothy Dobbel is Guest of Honor at Pretty Affair Wednesday.

One of the prettiest and most original social affairs of the season was "the shower" given to Miss Dorothy Dobbel on Wednesday afternoon by Mrs. Burmester in El Verano. The Burmester home never looked more charming and with the porch artistically arranged with plants and lounging chairs and the new awnings of attractive pattern, the place looked most inviting as the guests assembled at 2 o'clock to compliment the fair young guest of honor on this delightful occasion. Sixteen friends and relatives of the bride-to-be were invited by the gracious hostess and all responded to the invitation, for Mrs. Burmester is renowned for her hospitality and her always original and nicely appointed affairs.

The interior of the home was adorned with five handsome gilt baskets filled with pink roses and tied with large bows of pink maline. Wedding bells, fashioned of pink crepe paper were also used as a decorative feature and twined with graceful asparagus fern, lent much charm to the rooms and to the table over which one of the bells was the center piece. The favors were dainty pink roses, the place cards pink and the snowy napkins were tied with dainty ribbon also of the prevailing color. After all had assembled, little Margaret Dobbel and Edwin Burmester, dressed as diminutive bride and groom, appeared on the scene and they were hitched to a mysterious basket which proved to be the treasure box containing all the beautiful linen gifts, showered on Miss Dorothy. The presents were costly and handsome, consisting of two Madera luncheon sets of 13 pieces each, a beautiful spread, bath towels, napkins, doilies etc. While the bride-to-be was going into raptures over the lovely surprise, the guests showered her with pink and white rose petals, thus carrying out "the shower" idea perfectly.

At the table great merriment prevailed as the guest of honor cut the bride's cake and the different favors in the cake were discovered. A dainty menu of creamed crab in patty shells, sandwiches, many kinds of cake and pink and white ice cream was partaken of. It was an occasion always to be treasured in the memory of Miss Dobbel and was a credit in every way to the hostess who was highly complimented on the success of the afternoon.

The invited guests were Mesdames Dobbel, Coops, her mother Mrs. Johanssen, Mrs. Volquardsen, Mrs. E. H. Johanssen, Chas. Cutter, Syerowsky, Diex, F. Helberg and Gigerich. Misses Dobbel, Marie Helberg, Virginia Picetti, Alice Young, Edda Johanssen and Helen Volquardsen.

Mr. and Mrs. P. Norrbom motored to Santa Rosa on the 4th.

Miss Kate McDonnell, our librarian, enjoyed a much needed vacation over the Fourth. During her absence Miss Matilda Baccala filled her place.

Surveyor Tom Lewis spent Sunday here with his family. Mr. Lewis is employed in the office of the Natamas Consolidated at Sacramento and is working on the plans of a 12,000 acre irrigation project.

The Harry Shaws motored up from Corcoran the fore part of the week to visit Sonoma relatives.

BEN F. BALLARD

FOR COUNTY SUPERINTENDENT OF SCHOOLS

Well Known Assistant Superintendent Seeks Promotion to the Superintendency

To the people of Sonoma County: For more than seven years I have been, first, Deputy, then Assistant Superintendent of Schools of this County. During that time I have, in my official capacity, handled every phase of the work in the office—from book-keeping to supervision of school work throughout the county.

Prior to my appointment to my present position, I was for eight years principal of schools in Sonoma County. I was for six years at Windsor and for two years I was a member of the faculty in the Santa Rosa Schools, being principal of the Fremont school.

I enjoy a wide acquaintance with the State School Officials and with County and City Superintendents all over California and have a broad knowledge of progressive school work in all parts of the State.

With this professional training and experience I am prepared to give to the schools of this county progressive, efficient and economic service as Superintendent of Schools.

I stand for all that is progressive in education today; for everything that will better enable the children of our schools to fully realize that they are helping to win the struggle for world democracy; to help the boys and girls realize that a large part of the burden of reconstruction following the war will be upon them.

In order to best equip boys and girls for their future welfare; for their duties and responsibilities to the State and to the Nation we must teach fundamentals, patriotism, character and preparation, of the right kind for service.

Our school system is the most valuable asset of our Democracy. The selection of those who will have charge of the schools is most important, whether it be trustees, teachers or superintendent.

Candidates for superintendent will be selected at the primary election to be held August 27, 1918. Every elector should feel it his or her duty to register and go to the Primary and exercise their privilege in selecting candidates for office.

In order to be eligible for the Primary, electors must register not later than July 27, 1918.

All county offices are non-partisan. Every elector has the privilege of voting for his choice of candidates for county offices at the Primary. It does not matter whether you have stated your party affiliation so far as county offices are concerned, as there will be a non-partisan ballot and the names of all candidates for county office will appear on all ballots.

On account of the great amount of work in the office at this time of the year in the preparation of annual reports to the State office and upon which depend the apportionment of State school money to this county for the ensuing school year it will not be possible for me to meet all the voters of the county. I, therefore, ask you to investigate my work as Assistant Superintendent. I refer you to Boards of School Trustees—high school and grammar school trustees and City Boards of Education, and to those who have formerly served as Trustees during the past six or seven years. I refer you to the Teachers in the schools and to those who were teachers in the schools during the past six or seven years. I also refer you to patrons of the schools, many of whom know of my work.

Hoping that I may receive your due consideration at the Primary, I remain, Very truly yours, BEN F. BALLARD.

BEN F. BALLARD

NO WARRANT SHOULD HAVE BEEN ISSUED

The young book-keeper in Dubrings store who was arrested last week on a warrant sworn to in San Francisco, and was taken to that city, promptly proved that he was in no wise guilty and the warrant should never have been issued. This latter statement was made by the Judge-in-San Francisco before whom the young man, accused of issuing and passing a worthless check appeared. It seems that accused in 1915 accepted a check of \$30 from a customer and then endorsed it and paid it to his boarding house keeper in settlement for board. He soon left and the check was later discovered to be worthless although he knew nothing of it. The land-lady's daughter after 3 years saw the former boarder on the streets and forthwith swore to a warrant and the officers were put on his trail. He was surprised to be taken into custody here just a few weeks after securing the position with Mr. Duhring. A detective came up from the city and he accompanied him to San Francisco where the \$30 check was readily explained and he made good the amount of it to his former land-lady.

Since coming here the young accountant and his wife with their little babe have made many friends who were very glad that the mistake was so quickly explained to the Court and that an innocent man was not put to further trouble.

Grace Charlotte Carrillo, daughter of Jose Ramon Carrillo, has been here from San Gabriel on a visit to her mother's relatives, Mrs. Emparan and family. Miss Carrillo is a niece of Mrs. Emparan and her grand mother, (the wife of General Vallejo) and her uncle were buried beneath the baptismal font of our Old Mission in the days gone by. This is Miss Carrillo's first visit to the home of her ancestors. She is a graduate of the University and is gathering some romantic historical material for a book. She is also urging the restoration of old landmarks.

The Ladies Aid of the M. E. church will be entertained by Mrs. W. Hamilton and Mrs. R. Murphy on Thursday July 18, at the residence of Mrs. Hamilton at the Lane home on Sonoma creek. A good attendance is desired and everybody is welcome.

Miss Ball, whose father was a dentist, Dr. Ball, a prominent Southerner here in Sonoma in early days, has been visiting her sister, Mrs. F. Cornwall at Buena Vista.

Mrs. Burg of Alameda is visiting her sister, Mrs. D. Hatton.

PRICE OF GRAPES IS NOT YET ESTABLISHED

Offers of \$45 and \$50 a Ton Have Been Refused by Some Growers.

Grape and wine growers are sitting tight these days keeping their own counsel as to their plans. Buyers are offering them a price for their product, but as yet the price has failed to interest the growers.

In Sonoma and Napa county it is reported that \$45 and \$50 a ton has been offered for grapes. In Santa Clara county the highest price thus far offered has been \$36; it also has been rejected.

The crop in this county is reported as exceedingly good this season. In past years a cut-worm has infested the vineyards and done much damage. A new solution prepared by the University of California has been used this year with success, and it is reported that vineyards which last year suffered greatly from this pest are in fine shape and will yield a magnificent crop. —San Jose Mercury Herald.

DEATH OF A YOUNG VINEBURG MAN

Axel Swedborg, twenty-eight years old on Christmas eve, and a prominent resident of Vineburg, where he had resided for the past five years, passed to the great beyond last Saturday after a lingering illness. The young man was drawn in the draft, but was unable to serve his country on account of his frail health. He was a native of Bloomington, Minnesota, and leaves besides his parents, two sisters, Mrs. O. Johnson and Ellen Swedborg and a brother to mourn his untimely death.

The funeral took place Monday and many beautiful flowers marked the last resting place.

BERRY CONTAINERS CAUSE OF INQUIRY

A large quantity of berry crates and their contents were confiscated because the crates contained false bottoms. Chas. F. Johnson, state superintendent of weights and measures, received a telegram from the shippers, threatening to take the matter up with the Federal authorities if they are molested. The Berry Growers of Sebastopol to whom the crates and berries belonged, claim that they ship with false bottoms for ventilation purposes. In reply to the telegram, Johnson said that he would take steps to enforce the law relating to the use of containers that have false bottoms.

Is the consumer supposed to pay for berries or ventilation?

Mr. and Mrs. Grover Rubke, Mrs. Rector and Mr. Nevins motored to Napa Sunday.

Friends and relatives are pleased at the coming of the Will Hyde family from Berkeley for the summer.

Miss Florence Rubke who underwent a recent operation in San Francisco has been visiting home folks.

Mrs. M. Bose and Miss Rose Day were recent visitors at the Grover Rubke home.

Mrs. John Bee and daughter Lena, have been visiting at the Rector home.

Miss Josie Steiner has been visiting her relatives, the Joe Keechler family at McGills.

A happy automobile party from the Hyde Ranch motored to Blue Lake on Saturday and Sunday last. The party consisted of Mesdames Cassidy, Gigerich and Deirx. Miss Hettie Voight. Messers Adam Gigerich, Peter Dierx, Tom Callahan, Geo. Cassidy and Master Darrell Cassidy. The trip was made thru Northern Sonoma County, Mendocino County into Lake County and after touring through the most beautiful section of California the party returned by the way of Clear Lake and Middle Town. Mr. Adam Gigerich was the pilot at the wheel of the first machine and he says "that the road over Mount St. Helena is a fine one, and he ought to know."

Frederick Batto "Buddie" is the guest of friends and relatives in San Francisco this week.

Axel Swenberg beloved son of Mr. and Mrs. Swenberg of this place died on last Saturday afternoon and was buried in the Valley Cemetery on Monday.

The Sonoma Valley Apple Growers Association Incorporated, June 1st. The officers and directors are Geo. Cassidy, President, Ed. Clements, Secretary, F. A. Lowell-Henry C. Hyde and Richard L. Watt. All the prominent Apple Growers of the valley have taken their apples to the Packing House at "Batto's Spur."

Mr. Fred Lowell has charge of the Packing House and from what every one says, he is the right man in the right place. As the Sebastopol Apple Growers Union have been selling their own products for the last eight years the growers here have been very fortunate in getting them to sell our apples as they have an established trade in the East and Middle west and also they have agreed to do it at actual cost. Thus saving the grower the commission man's profits. Expert fruit handlers have been engaged and the out-look seems bright for a good demand and good prices. The packing will be in full swing by next week as many growers have Gravensteins. The association experts are to ship between 20,000 and 30,000 boxes of fruit.

Fred Batto accompanied by his daughters Misses Louise and Emily and son Herbert John motored to Petaluma on Thursday.

A delightful time was enjoyed by all who attended the surprise party at Starlight Terrace, the home of Mrs. Henry Forni.

A pleasant birthday party was tendered Mrs. Knachtstet, 88 years old mother of Mrs. John Stockwell on Wednesday.

Mrs. Fred Schell and Mrs. Tom McCauley, who will be remembered as the attractive Church girls, have been up from San Francisco with their pretty children on a visit to their parents.

Ellen Milford of Santa Rosa who is a trained nurse has been visiting at the home of her aunt Mrs. P. Angrove. Bruna Lanzinger of Richmond has also been visiting at the Angrove home. He is a foreman in the electrical department of the Pullman Car Shops.

John Lawler was in town Friday. He is looking fine and was rounding up cattle on his ranch near here.

BOYES SPRINGS NOTES

The B. S. I. C. held its regular meeting Friday night, July 5, President James Baines presiding. There was a large crowd in attendance; many important matters in regard to improvements were discussed and taken under advisement. Reports were received from the different committees, the report of the fire department benefit committee was well received, the committee reported that the benefit was a grand financial success, having gone beyond all expectations. After a few remarks by our Mayor, (Mr. Minges) J. Baines, Mr. Boynton, Mr. Koenig and several of the lady members of the club to-wit, Mrs. Koenig, Walker, Parramore and several others, the meeting came to a close by giving a standing vote of thanks to the Ladies of the club and to all who assisted in making the benefit for the little "Red Devil" such a financial and grand success. The club then adjourned to meet the first Friday night in September.

In writing up the report of the benefit of the fire department and thanking all those who took part therein, I forgot (with apology) to mention the lady fortune-tellers who made so many happy and some few, perhaps miserable in telling their past, present and future. I will not mention the name of the "Gypsy" for fear that some of her patrons may have it in for her but suffice to say that she and the palmist have the thanks of the B.S.I.C. for their part they took in the benefit.

Mr. James Baines has been appointed the official Registrar of voters of Agua Caliente district for the coming Primary election which will take place in August. All those who want to vote at said election will call at Mr. Baines real estate office, and get registered by the 27th of this month. Remember every vote counts and we need them all to elect Joe Ryan, our next Sheriff of this county, so do not fail to register, we want Joe.

"Bill" Hill, popular hotel man of Healdsburg and Geo. (Smiling Geo.) Sheriff, millionaire orchardist also of Healdsburg, paid a visit to Boyes Springs last Tuesday. They were greeted by their many friends and enjoyed a pleasant afternoon. Come again Bill and Geo., we will be glad to

see you at all times.
Mr. Garrett and several of his friends (all hardware merchants) of Healdsburg also called in at Boyes while on their way to Sonoma city to attend a banquet given by the Hardware Merchants of Sonoma County.

Boyes Springs, from the reports of the business men is certainly flourishing and a live burg. When asked about it Joe Ryan (our next Sheriff) said, business in driving and fast; Steve's grill, eating good; Fred Boynton, lumber going up, (into buildings) Wagner's (formerly Koenig's), can't get help enough; Jack Barber, (the barber) cutting and slashing; Minges, (our Mayor) no time to even look at a gate, let alone hanging on one; Jim Baines, lame arm from accepting first payments on lots; Wm. Gowan, driving (nails) and cutting (lumber); Cabanot's aint got rooms enough; Boyes Springs hotel, turning guests away; Bath house, over-flowing; Clubhouse, Bar boys full of pep and tired. Theatre and dance hall, packed to the doors, this makes Boyes Springs the busiest place in the "valley of the moon" or in any other valley.

Antonio Spagoni, "Billy Kirby" is kept so busy at the Oaks that his friends seldom see him now-a-days. Billy is making hay while the sun shines.

"Rudy Lichtenburg of Boyes has been quite sick the last few weeks and his many friends were pleased to hear of his recovery and will be glad to see him around again.

HERBERT SNYDER IS CANDIDATE FOR RECORDER

Herbert B. Snyder has made the announcement of his candidacy for the office of county recorder, and will visit the various portions of Sonoma county prior to the primaries in August. Mr. Snyder is one of the best known young men in this county, and especially is this true of the rural districts. For four years Mr. Snyder was manager of the rural circulation of the Santa Rosa Republican, and during that four years he visited every portion of the county for this paper. His worth is well known to the people generally, and that paper lost a valued employee when he gave up his position to enter the political arena.

For several years past he has been clerk of the city of Santa Rosa, and so excellent has been his work and so general the satisfaction he has given in this position, he has not had an opponent since he first ran for that office. He feels that he is entitled to go higher still, and believes that the knowledge he has gained in his present position along the line of filing, recording and indexing will be of great advantage to him in the Snyder declares that if he be chosen to care for the records of Sonoma county he will maintain his present efficiency of the office and will give the people conscientious and painstaking service and a business-like administration of the affairs.

In fraternal as well as private life Mr. Snyder is well and favorably known, and his friends will rally to his support in the coming contest. He is a past consul commander of Rosewood Camp, Woodmen of the World, a past president of Unity Lodge The Fraternal Brotherhood, and the present secretary of that organization, and is also a member of Santa Rosa lodge of Odd Fellows. He has grown to manhood in this city and county and his extensive acquaintance will be of vast benefit to him in seeking office at the hands of voters.

Mr. Snyder is a married man and has two nice children.

Miss Marie Helberg of the Hahnemann hospital has been home on a two weeks vacation at the of her parents, Mr. and Mrs. F. Helberg at Shellville.
